HOSHIZAKI products can contribute to satisfying EAc1, MRc2, MRc4, WEc3, IDc1, Pc18 credits under **LEED®**

RECYCLING

- 100% of scrap metal is recycled.
- 100% of batteries are recycled.
- 100% of electronics & light bulbs are recycled.
- 100% of packaging & pallets are recycled.
- 100% of warranty returns & parts are recycled.

MISSION

As a world class, multi-billion dollar corporation we work responsibly to provide original products which are good for the environment with clear benefits for our customers.

CUSTOMER FOCUS

Continuous improvements to our products for energy and water consumption reductions result in lower operation cost for our customers.

COMPLIANCE

- First and only US foodservice equipment manufacturer to attain the **ISO-14001** certification, which stipulates conservation and preservation practices.
- Compliant with all US regulations and standards including **AB1953** (lead-free products).
- Compliant with all European standards of **RoHS** and Canadian **NRCAN**.
- Our logistic partners participate in the **SmartWay Partnership Program** that reduces air pollution.

HOSHIZAKI Sustainability Plan

In order to be a sustainable and responsible corporation, Hoshizaki America focuses on three key areas:

Social Sustainability

Corporate responsibility is evident throughout our organization. From employee community and outreach programs, charitable fundraising and our global nature preserves....Hoshizaki is partnering with you for a better planet!

Environmental Sustainability

We are committed to develop original, energy efficient products preferred by our customers while complying with laws and operating our facilities in an environmentally responsible manner as exemplified by our ISO 14001 certification. Our multiple Energy Star Partner of the Year Awards further acknowledges our accomplishments.

2012 | 2013 | 2014 | 2015
2016 | 2017 | 2018 | 2019
2020 | 2021 | 2022

Economic Sustainability

Hoshizaki practices conservation through reduced energy consumption in our facilities, effective waste management and recycling programs, plus a well-managed supply chain. This is recognized with our ISO-14001 certification. We seek cost management to maintain our profitability by designing and producing the highest quality and best value products on the market. Our ISO-9001 certification demonstrates our commitment.
