Item #50007 - 03/04/20
In order to be a sustainable and responsible corporation, Hoshizaki America focuses on three key areas:

**Social Sustainability**
Corporate responsibility is evident throughout our organization. From employee community and outreach programs, charitable fundraising and our global nature preserves....Hoshizaki is partnering with you for a better planet!

**Environmental Sustainability**
We are committed to develop original, energy efficient products preferred by our customers while complying with laws and operating our facilities in an environmentally responsible manner as exemplified by our ISO 14001 certification. Our multiple Energy Star Partner of the Year Awards further acknowledges our accomplishments.

**Economic Sustainability**
Hoshizaki practices conservation through reduced energy consumption in our facilities, effective waste management and recycling programs, plus a well-managed supply chain. This is recognized with our ISO-14001 certification. We seek cost management to maintain our profitability by designing and producing the highest quality and best value products on the market. Our ISO-9001 certification demonstrates our commitment.
