Item # 50046 | 07/18/2024

FEATURES & BENEFITS OF HOSHIZAKI PRODUCTS

- LED remote sensor for hands-free operation
- Eliminates possibilities of cross-contamination
- Reduction in service & maintenance expenses

KM Cubers

- Comparable quantity production in half the cycles
- More efficient & economical
- Longer life and less maintenance

Flakers & Cubelet Machines

- Performs a 2 second rinse every hour
- Reduces harmful mineral build up
- Automatic process saves on service & maintenance

Steelheart Uprights

- Thermostatic Expansion Valve responds to peak times or product overload
- Quickly responds to demand and regulates refrigerant flow
- Controls temperatures more effectively for energy efficient operation

LEARN MORE AT
energystar.gov

ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy-efficient products and practices. For more information, visit www.energystar.gov.

Look for the ENERGY STAR and Find Savings

Compared to conventional CFS equipment, ENERGY STAR certified equipment could save you the following over their lifetimes:

PRODUCT TYPE	LIFETIME SAVINGS	BENEFITS/TECHNOLOGIES	INCENTIVES
Ice makers	\$900-\$1,300	Quicker ice harvesting through harvest assist devices	\$20-\$2,400
Refrigerators and Freezers	\$900-\$1,000/\$2,000-\$4,300	Improved fan blade design and uniform cabinet temperatures	\$25-\$1,000

Also saves water
