- Additional divider bars may be required to accommodate above pan layouts (Individual divider bars sold as Accessories).

➡ Divider bars on the back...

#52000 | 4/16/2018

Center divider bars have notches to accept interlocking side divider bars.

- Provides stability for pan placement by preventing side bars from sliding out of position that could allow pans to fall into cabinet below.
- Increased flexibility for user because center notches allow user to easily re-configure bars to accept desired pan sizes for their unique menu.
- Made of high quality stainless steel insures long life.
